About

A results-driven and assured leader with a proven track record in delivering enterprise-level business systems for Fortune 500 and FTSE 100 companies with extensive experience in leading and building high-performance teams.

I excel in driving the development and implementation of IT solutions that align with business strategies, delivering real value and customer satisfaction. My expertise spans complex projects, stakeholder engagement, and implementing innovative solutions to enhance business efficiency and reduce costs.

Known for my dependability, problem-solving skills, and ability to explain complex technical concepts to all levels of management, I am committed to creating collaborative environments that foster long-term business success.

Director / business owner at The Rhoom Studios
June 18, 2010, Jamie worked with Matt on the same team

Matt is a very talented guy with a seemingly endless knowledge of the web and its capabilities. The systems Matt has implemented have really made life easier for everyone working in the company to find what they're looking for, when they need it and in a very user-friendly way.

Matt also has a very detailled understanding of the world of graphics and content design and the possibilities therein.
