Fabrice Rimlinger

Planning and Logistics Operations Manager | Operations & Transformation

+33 (0)6 23 57 77 85 | fabrice@rimlinger.eu | linkedin.com/in/fabricerimlinger | Marseille, France

> *Planning and Logistics Operations Manager - 20 years transforming operations, fleet and supply chain across EMEA.*
> *Led post-acquisition integration of 300 employees with full operational continuity (250K deliveries/day) at Ceva Logistics / Colis Privé - the exact transformation Shiftmove now faces integrating Ocean and Optimum.*
> *Deployed telematics/GPS tracking across a 600-vehicle fleet (Pomona) and architected Amazon's investment-tracking and documentation platform for capital projects worldwide. Proven systems thinker and business owner for operational platforms.*

PROFESSIONAL SUMMARY

Operations and transformation executive with 20 years designing operating models, enabling systems, and leading post-acquisition integrations across fleet, last-mile and supply chain in EMEA.

Systems thinker and business owner of operational platforms (Amazon's worldwide investment-tracking platform; telematics/GPS rollout for 600 vehicles at Pomona). I build the frameworks that let Planning, Logistics, Customer Support and Support Services operate as one integrated organization - the daily dispatch stays with the local teams.

Trilingual FR/EN/ES · 24 years abroad, 6 countries · Marseille-based, hybrid

PROFESSIONAL EXPERIENCE

Senior PMO & Transition Management Mission - Alloga *(Alliance Healthcare / Cencora)* 06/2026 – present · Marseille

- Coach project leaders and anchor new PMO practices across IT and project teams, designing governance calibrated to Cencora group IT standards (UK) and driving change through field presence

Director Business Excellence - Colis Privé *(CEVA Logistics / CMA CGM Group)* 05/2024 – 02/2026 · Marseille

375M€ revenue · 4000 drivers – 300 owned vehicles · 90M+ parcels/year · 25 direct reports

- Designed and rolled out the **unified operating model** for performance across 5 hubs, 25 stations and 27 satellites, leading a team of 25 and standardizing processes between operations, customer support and external clients
- Owned the **KPI frameworks** and **executive reporting dashboards** (PowerBI, SQL, Microstrategy) powering CODIR decisions, and sponsored automation (AI forecasting, RPA, call bots): **40% manual tasks eliminated**, **service level +30%**, **CS budget -20% (€550K/yr)** despite +7.5% volume growth

Director of Transformation - Colis Privé 07/2023 – 04/2024 · Marseille

- Led the **post-M&A integration** of 300 employees from a delivery-provider acquisition (30% of driver capacity): legal negotiations, P&L modeling, process alignment, and uninterrupted operational execution (**250K deliveries/day**)
- Aligned cross-functional teams (legal, HR, IT, operations, finance), influencing stakeholders without direct authority to standardize handoffs and maintain continuity

Head of Technical & Environmental Real Estate Due Diligence - Amazon 10/2018 – 08/2021 · Aix-en-Provence, remote

1,200+ projects/year · €40M/year budget · team of 10 risk managers + 30+ consultants

- **Architected and owned SHIELD**, Amazon's tracking and documentation platform for capital investment projects worldwide - requirements gathering, UI/UX design, Agile product management and adoption
- Ran 1,200+ due diligence projects/yr, building **KPI frameworks** and **executive reporting dashboards** for EMEA/MENA leadership

Senior Manager, Supply Chain Long-term Planning & Risk - Amazon 08/2022 – 07/2023 · Luxembourg, remote

- Defined the 36-month expansion SOP for Amazon Fulfilment and Amazon Logistics across EU and piloted reallocation of 80+ buildings, with executive reporting dashboards (SNN4) guiding EU compliance decisions

Head of Last Mile Delivery Expansion, South EU - Amazon Logistics 04/2016 – 09/2018 · Milan / Madrid

- Launched **15 last-mile stations in 2 years** (IT/ES), coordinating 19 cross-functional workstreams (Real Estate, Construction, Legal, HR, IT, vendors, Process); AMZL reached 75%+ of Amazon deliveries in major IT/ES cities
- Managed the **supply chain of station equipment** end-to-end (procurement, inventory, spare parts, consumables) and the fleet operations topology

EARLIER EXPERIENCE (2002–2012)

- **Dole Europe** (Corporate Operation Controller, 2007–2011, Paris) - planned and tracked €30–100M/year of industrial investments; owned the 5-year industrial plan and maintenance roadmap across the European network, reporting directly to CEO/CFO
- **Pomona** (Supply Chain Project Manager, 2002–2005, Antony) - deployed telematics and GPS tracking across a **600-vehicle fleet**: software/hardware selection, supplier negotiation, ERP integration, full rollout and user training, plus a barcode WMS at Bargosa. Defined KPI dashboards and automated standard reports (SQL, Excel), delivering **+25% warehouse productivity**

CORE SKILLS

Operational Platforms & Business Product Ownership
CRM (investment-tracking platform, product owner, Agile, UI/UX) · Salesforce · ERP (Pomona GPS, WMS Bargosa) · BI ownership (Colis Privé)

Telematics / Fleet Management
GPS tracking deployment, 600 vehicles · fleet operations (AMZL 15 stations, Colis Privé 300 vehicles) · ERP/software/hardware integration

Hardware Lifecycle
Procurement, inventory, spare parts (AMZL station equipment) · asset management & maintenance roadmap (CAPEX €30–100M/yr, Dole Europe)

Transformation & Data
PMO · post-M&A integration · operating model design · Lean · SQL, PowerBI, Microstrategy, Excel VBA · Agile, executive reporting

EDUCATION

Ingénieur Agronome (Agro-Industry Economics) - INP Toulouse, 1991–1994

Biochemistry / Chemistry - Université des Sciences, Montpellier, 1989–1991
